Does this sound familiar?

You work hard to provide your product or service to your customers and then you wait 30, 45, 60 days or more to get paid. Meanwhile, your employees and suppliers must be paid.

We can help.

Some of your larger customers may even be ready to increase the size of their orders. However, you can't fill them because your credit with your suppliers is at its maximum and you can't carry your customers for the typical time it takes them to pay. We may be able to lend a hand.

PBCC has been in business for over 19 years, just around the corner from you.

We have helped hundreds of companies like yours.

If you sell a product or service to good quality customers and those customers eventually pay their bills, then you are an eligible candidate for financing at PBCC.
